Assessment Method

- Completion of rotation evaluation by supervising Family Medicine faculty
 1. Formative
 - The service attending and senior residents provide ongoing and regular feedback throughout the rotation. Feedback includes status of resident's performance and suggestions for improvement.
 - Completion and maintenance of updated inpatient log
 2. Summative
 - Completion of formal rotation evaluation by supervisory Family Medicine faculty
 - Review and signoff of admission H&P by FM service attending or on call faculty
 - Chart review on 4 random inpatients at end of rotation by Associate Program Director. Results added to resident's quarterly review
 - Completion and maintenance of updated inpatient log
 3. Peer reviews about teaching and supervisory ability of senior residents

Teaching Methods

- Direct patient care of family medicine service patients
- Teaching during patient rounds
- Didactic sessions
- Web-based study guides
- Independent reading
- Procedural learning (see above list)
