

HCMC FAMILY MEDICINE RESIDENCY PROGRAM

G1 Psychiatry & Neurology

ROTATION ASSIGNMENTS

Rotation assignments

The resident must complete the following for successful passage of the rotation

VIDEO REVIEW: You will meet with Dr. Hinton to review 1 patient encounter during this rotation.

IMR: [Integrative Medicine curriculum](#)

- Prevention and wellness: Stress & Mind Body (2); Sleep (2) Tools in IM Energy (2)
- Spirituality (2)

READINGS:

Prior to your time with Dr. Zeris, consulting psychiatrist at Whittier, read the following:

- [STAR*D study: Treating depression in the real world](#)
- [Dr. Zeris Grand Rounds presentation 12-2016](#)
- [Collaborative Care. Katon et al. \(2010\)](#)

Additional review readings can be found in the “Goals and Objectives” section of the curriculum. Most of the content is taken from the AFP Topical Index. These are supplementary readings and can be used to augment self-identified areas for learning or reading on specific topics and patient cases

OTHERS: as may be assigned by faculty

4/18/17
