

HCMC FAMILY MEDICINE RESIDENCY PROGRAM

G2 Medicine Inpatient ICU

ROTATION INFORMATION AND LOGISTICS

Rotation Description

Internal Medicine Inpatient ICU: G2 residents rotate on the HCMC Internal Medicine Intensive Care Unit Service (yellow). They care for adult medicine patients who are critically ill in the intensive care unit and afterwards on the wards. All residents attend Morning Report and noon conferences. Twice daily rounds are held to assure supervision and teaching.

Rotation information and contacts

Family Medicine Faculty Lead	David Councilman, MD
Medicine Faculty Lead	Rosemary Quirk, MD
Family Medicine	Peg Sullivan: 612-873-8085
Coordinator	Michelle Herbers: 612-873-4733
Emergency Contact	Michelle Herbers: 612-873-4733
Site	HCMC's MICU departments
Call	Shifts (usually for one week out of the block)
Conferences	Department of Medicine (DOM) Morning Report – Daily: 8:00 –9:00am DOM Conference: 12:00 – 1:00pm Critical Care Conference Thursdays: 1:30 – 3:00pm
Continuity Clinic at Family Medical Center	1 clinic session per week- no core conferences
Vacation/CME	Not allowed

Structure of Rotation

Please note that each week may vary on the service the resident is scheduled for. Residents will have one clinic per week. The week of Night Shift there will be no clinic and this clinic will be made up another week during this block. The week a resident is scheduled into Nursing Home, the resident will not be in clinic.

You must reconcile your call schedule and the tentative clinic schedule before the clinic schedule is finalized. If there are conflicts, please let Mindy know. The clinic schedule resides on InfoOnCall. The call schedule is published by the Medicine department –
