

HCMC FAMILY MEDICINE RESIDENCY PROGRAM

G3 Medical Subspecialties

ROTATION INFORMATION AND LOGISTICS

Educational purpose and goals:

Family Medicine residents must have a breadth of experiences in the care of patients. On this rotation, residents have an opportunity to care for the complex diabetes patients who are referred to the Endocrine for specialized care. Rotations on Rheumatology expose resident to methods of managing patients with a variety of joint diseases, Experiences in Pulmonary and Primary Care Cardiology also offer specialized experiences

Family Medicine Faculty Lead	Praveen Tupakula, MD
Family Medicine Coordinator	Jen Seokaran: 612-873-8088
Medicine Rotation Physician Lead	Lisa Fish, MD, -Endocrin. Leigh Hamersten, Coordinator 3-2705 Zaki Zahr, MD, -Rheum. Sherli Wafer, Coord. 3-8582 J. Leatherman; & W. Marinelli -Pulm. Sandy Main, Coord. 3-3525 Gautam Shroff, MD -Cardiology Bonita Schroeder, Coord. 3-2876
Coordinator	Leigh Hamersten, ENDO; Sherli Wafer RHEUM Sandy Main -PULM, Bonnie Schroeder - CARDIOLOGY
Continuity Clinics – Whittier	4 sessions per week (may include evening) + 1 nursing home
Site	HCMC Specialty clinics for Endocrine, Pulmonary and Rheumatology; WHC Cardiology
Call	No Call
Conferences	One core conference per week

2/1/2017

Structure of Rotation:

Weeks 1 and 3

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
AM	OFF	Rheum	Endo	Core Conf	Endo	WHC	OFF
PM	OFF	Pulm- M. LeClair	Pulm	Rheum	Research or WHC	WHC	OFF
EVE	OFF		WHC		WHC		OFF

Weeks 2 and 4

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
AM	OFF	Cardio	Endo	Core Conf	Endo	WHC	OFF
PM	OFF	WHC	Pulm	Rheum	WHC	WHC	OFF
EVE	OFF		WHC				OFF

Residents will have one nursing home per block. If Pulm cannot accommodate a resident, the resident should first check with FMS if they need assistance, and then check in with Mindy and use the time for Study/Research in the Racer room, not offsite.

Educational Content of Rotation

Procedures

Endocrine

Rheumatology

- Joint aspiration and injection

Pulmonary

- Spirometry

Cardiology

Interpretive skills

Endocrine

Rheumatology

- Interpretation of joint and extremity X rays

Pulmonary

- Spirometry results

Cardiology

- EKG

ECG Interpretation Blog

Ken Grauer, MD (Professor Emeritus of Family Medicine) is well known to the AAFP for his cardiology-related writings and for numerous ECG Review talks he has given at AAFP Conferences for many years. He has just come out with a FREE Educational ECG Interpretation Blog. The link is:

<http://www.ecg-interpretation.blogspot.com/>

- Stress tests

Teaching Methods

- Supervised Direct patient care Teaching during patient rounds
- Didactic sessions
- Case Based teaching -Participation in Consultations with specialists
- Web-based study guides
- Independent reading
- Procedural learning (see above list)

Assessment Method

- Completion of rotation evaluation by supervising Internal Medicine faculty
- Successful completion of self- directed modules
- Completion of pre and post tests

Educational Resources

- Reference library material
- Web-based resources-
 - Challenger
 - EKG website
- Harrison's textbook of Internal Medicine
- Cecil's Textbook of Internal Medicine
